Life on the Titanic

April 9, 1912

Dear Diary.

Tomorrow I will be boarding the RMS Titanic. I am very much excited. Who knows what great adventures I will have, or the people I will meet. I hope I have a great time. Today I will be finishing up my bags and be ready to board the Titanic. I will be glad to be off my housekeeper duties for a while and enjoy my trip to a new land and with new dreams. My aunt, Mrs. Catherine David Barbara, and I will be leaving tomorrow afternoon around 4pm. to get there early and be one of the first to go on board. I know that I will miss my home of Kaps Mishki, Lebanon, but it is for the best. I am glad my aunt decided for us to leave and find new jobs and maybe even have a better brighter future. I have oh so many dreams and hopes for our new lives. I dream of getting a good job so I can help my aunt take care and support us both. I am truly looking forward for tomorrow. I can only imagine how big and beautiful the Titanic will be. -Spide

Oh how splendid! The Titanic
is like nothing I have ever seen
before. It is so big. So here is
how my day went: We packed
our clothes and headed for
Southampton. When the Titanic
came in view, I was amazed.
It is so big. I found out
so many things today.
It turns out the captain
in command is Mr. Edward
J. Smith. I believe this is his
last voyage before he
retires. As we were riding
away we came close to
crashing into another ship
4 hours away from the New York.

Dear Diary

I believe today is Wednesday April 10, 1912. I wake up with the greatest feeling in the world. I must admit I am a bit scared though. Well, as you can see, I'm only 14 years old. Today, I will meet up with aunt Hilda Klasén. Oh, she is lovely. We will both be going on board the Titanic. I heard it was unsinkable. This is really exciting for me. Hopefully, I get to start a new life with a new job in Los Angeles. What will it be like? Starting all over. I really do not know what to expect. I know life has its obstacles, but I really hope I can be strong and overcome them. I'm not that rich you see. Aunt Klasén and I already purchased 3rd class passenger. I don't know how grateful I am, to who could guide me, and help Hampton. I hope to make new things interesting while really. I'm really never been on a ship also afraid that hope this
