

# CTE & ROP Program

Mr. Alvarez at PIAASC Graphic Arts Competitions.

**When:** Friday, June 4, 2010

**Time:** 1:15 p.m.— 3:30 p.m.

**Location:** in the Student Cafeteria

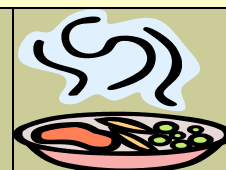

**Parking on the Basketball Courts.**

**Lunch at 1:15 p.m.**

The ROP and Career Technology & Education Program teachers selected their top 10 Outstanding students who demonstrated excellence in their Career Education Career Pathway courses. These students are very deserving of their reward and recognition. Our teachers are very interested in the Success of their students and of their well-being. There will be Professional and Special Guest Speakers from the CTE Business & Industry. Certificates and Awards will be distributed to Outstanding Students.

**CTE GOALS:** To provide vocational and technical education students with the academic, vocational and technical skills that lead to entry level employment into advanced technological careers or post-secondary education colleges/centers or universities. To provide students with experience in and understanding of all aspects of the industry. We want students to graduate from High School with a diploma with A-G Completion.
